

Memorandum

MIAMI-DADE
COUNTY

Date: December 4, 2012

To: Honorable Vice Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

Agenda Item No. 8(N)(2)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing the Filing of a Grant Application on Behalf of Miami-Dade County with the United States Department of Transportation (USDOT), Federal Transit Administration (FTA) for Fiscal Year 2012 Section 5309 Bus and Bus Facilities State of Good Repair Discretionary Program Funding In the Amount of \$10,000,000

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the filing of a grant application with the United States Department of Transportation (USDOT), Federal Transit Administration (FTA) for Fiscal Year (FY) 2012, Section 5309-Bus and Bus Facilities State of Good Repair Discretionary Program funds in the amount of \$10,000,000. This funding will be used for the purchase of approximately twenty-six 40-foot diesel/electric hybrid buses to replace older traditional Miami-Dade Transit (MDT) diesel buses which have reached their useful service life span. A completed grant application for the \$10,000,000 must be submitted to FTA before the federal funds can be awarded.

It is further recommended that the Board authorize receipt and expenditure of funds as specified in the grant agreement. Miami-Dade County proposes to use \$6,666,667 from Charter County Transportation Surtax Bond (Surtax) proceeds as a local match for this grant.

This agenda item is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). This agenda item may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or forty-five (45) days have elapsed since the filing with the Clerk of the Board of this agenda item. If the CITT has not forwarded a recommendation and forty-five (45) days have not elapsed since the filing of this agenda item, I will request a withdrawal of this item.

A public hearing is required in accordance with FTA regulations.

SCOPE

The impact of the project benefits the riding public, and is therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

The federal participation for this grant is \$10,000,000. This funding will provide 60% of the total cost to purchase approximately twenty six 40-foot diesel/electric hybrid buses as part of MDT's Bus Replacement Program. Transit Surtax Bond proceeds will provide the local match of \$6,666,667 or 40% of the total cost estimated at \$16,666,667.

The estimated future annual operating and maintenance cost is approximately \$10,000,000 and will be budgeted within the 29.2 million revenue miles.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with the FTA over the course of more than 26 years. The Project Manager for this grant is Robert Villar, Chief, Budget and Performance Reporting.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond that specified in the resolution which include authority for the Mayor, Mayor's designee or the MDT Director to execute the agreement and receive and expend these and any additional funds should they become available.

BACKGROUND

On February 7, 2012, the FTA published a Notice of Funding Availability for its State of Good Repair and Bus Livability Initiatives. The State of Good Repair Initiative made available approximately \$650 million of unallocated FY 2012 Section 5309 Bus and Bus Facilities Program funds to be awarded for the recapitalization of buses and bus facilities as authorized by 49 U.S.C. 5309(b), as amended by Section 3011 of the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users, Public Law 109-59, August 10, 2005 and its Extensions.

A key strategic goal of the USDOT and FTA is to improve and maintain America's buses and bus facilities in good, physical condition so that they can successfully accomplish their performance objectives. Applicants were required to submit project proposals for funding consideration through a discretionary competitive process. Eligible projects include, but are not limited to the purchase, replacement, or rehabilitation of buses and vans and related equipment.

MDT submitted the Bus Replacement Program project proposal to the FTA on March 22, 2012 for \$29,640,000 in funding assistance to cover 60% of the cost to replace 76 older traditional diesel buses that have met their useful life span (12 years and/or 500,000 miles of service) with 76 new 40-foot diesel-electric hybrid buses. The total project cost is \$49,400,000.

On July 23, 2012, the FTA announced the MDT Bus Replacement Program project proposal was selected to receive \$10,000,000 in State of Good Repair funding based on the submitted project proposal. Since the amount of federal funding made available under this program was less than the project proposal amount, MDT will reduce the 76 replacement buses originally proposed to approximately 26. Therefore, the total estimated cost of the scaled down project is \$16,666,667. MDT will provide the remaining \$6,666,667 as a local match through Transit Surtax bond proceeds. A completed grant application for the \$10,000,000 must be submitted to FTA before the federal funds can be awarded. Delivery of the new hybrid buses is anticipated in July 2014.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Regional Transportation Committee (RTC) of the Miami-Dade County Board of County Commissioners in the Commission Chambers, second floor, 111 N.W. 1st Street, Miami, Florida, during a meeting to begin at approximately 9:30am, on November 13, 2012 to consider a project for which financial assistance is being sought from the Federal Transit Administration (FTA). The project is as follows:

Fiscal Year 2012 State of Good Repair Discretionary Funds Under Section 5309 Bus and Bus Facilities Program—

A total of \$10,000,000 is available to fund the Miami-Dade Transit Bus Replacement Program project involving the purchase of approximately twenty-six (26) 40-foot diesel/electric hybrid buses to replace traditional diesel buses that have reached their useful service life. Miami-Dade County will provide the local match of \$6,666,667 from Transit Surtax-Backed Bond proceeds.

At the hearing, the Committee will afford an opportunity for interested persons or agencies to be heard with respect to the social, economic, and environmental aspects of this project. Interested persons may submit orally or in writing evidence and recommendations with respect to said projects.

A person who decides to appeal any decision made by any board, agency, or commission with respect to any such matter considered at its meeting or hearing, will need a record of all proceedings. Such person may need to insure that a verbatim record of the proceedings is made, including testimony and evidence upon which the appeal is based.

Miami-Dade County provides equal access and equal opportunity in employment and does not discriminate on the basis of disability in its programs or services. Auxiliary aids and services for communication are available with advance notice. This form can be made available in accessible format upon request (audiotape, Braille, or computer disk).
